

## MAGNETIC

## BATTERY-POWERED LED LIGHT

Create a perfect ambience with our magnetic, battery-powered lights! Thanks to the integrated magnets, they firmly adhere to any ferromagnetic surface. Use the included 3M metal plates to attach the lights anywhere you wish. Enjoy superior flexibility!

The Micro-USB port is the handy solution to charge the integrated rechargeable battery. No more cable clutter! And to top it off: With the remote control, you can both dim the LED light and also adjust the colour temperature to your own preferences - from daylight-balanced to warm white.

### FEATURES

- Warm white LED light does not attract mosquitoes
- Low power consumption - only 2 W
- Remote control with on/off function and PIR motion detector
- Dimmable LED light with adjustable colour temperature
- Sleek and elegant design with a modern look
- Sturdy aluminium housing
- Easy installation on ferromagnetic surfaces

# MAGNETIC BATTERY-POWERED LED LIGHT

## PRODUCT

ITEM NUMBER	65718
MODEL	WTS-LED TDL-6110X-RF

## TECHNICAL DATA

NOMINAL INPUT VOLTAGE MICRO-USB	5 V DC
POWER	2 W
COLOUR TEMPERATURE	2,800 – 6,500 K
RATED LUMINOUS FLUX	180 lm
COLOUR RENDERING INDEX (CRI)	R <sub>a</sub> > 80
LENGTH	380 mm
WIDTH	40 mm
HEIGHT	10 mm
WEIGHT	187 g
OPERATING TEMPERATURE	-10 to +50 °C
STORAGE TEMPERATURE	-20 to +75 °C

## TECHNICAL DATA

NOMINAL INPUT VOLTAGE	2x AAA batteries
REACH	≤ 15 m
LENGTH	130 mm
WIDTH	40 mm
HEIGHT	20 mm
OPERATING TEMPERATURE	-10 to +50 °C
STORAGE TEMPERATURE	-20 to +75 °C

## STANDARDS AND CERTIFICATES

CE  
EN 50498:2010  
EN 55015:2019/A11:2020  
EN 61547:2009  
EN 60598-1:2021/A11:2022  
RoHS, REACH

## Scope of delivery

- 1x Magnetic LED battery light
- 2x Metal sheet for light
- 1x RF remote control
- 1x Metal sheet for remote control
- 1x Operating instructions
- 1x USB charging cable
